Electric Department

Work on the 69KV breaker continues. At the end of this week, we will have the breaker functional and after testing, it will be brought on line next week.

Water / Sewer Department

The Water Department must always have access to the Water Meters. Please refrain from planting flowers, trees or shrubs four feet in front or around hydrants and meter pits. This is a precaution for when there is a water leak emergency to locate the meter in a timely manner or if we do not get an accurate reading.

Front Street Project

Side walk work will continue through this week and next. A final temporary paving will be put down on the 10th and 11th of May and all roads will be opened afterwards.

Gills Neck Road

Paving and the waterworks is complete. We are continuing to work on the punch list items.

Trash and Yard Waste

Trash and Yard Waste are handled by the **City of Lewes** ... please contact them at 302-645-7777.
